

## *Clause 4: Context of the organization*

### **4.3. Determining the scope of the QMS**

The physical or geographical site within which your operations take place, the products / services included in the QMS, the relevant parties and any areas which you have determined to be not applicable

Must consider

- ✓ The external and internal issues referred to in 4.1
- ✓ The requirements referred to in 4.2
- ✓ Products and services provided.

ISO 9001:2015 states that:

- ✓ All requirements are applicable
- ✓ If a requirement cannot be applied, it must
  - Not affect the ability to provide conforming product
  - Be justified

## *Auditing*

- Reviewing the QMS scope documents (QMS scope should be maintained as documented information )
- Reviewing the justification of the requirements considered not applicable
