

8.2.3. Review of Requirements Related to Products and Services

The organization is required to:

- ✓ Ensure it is able to meet the requirements for products and services being offered
- ✓ Conduct a review before committing to supply products and services

This review must take into account:

- ✓ Customer requirements, the install and any after work (maintenance, follow up, servicing, etc.)
 - ✓ Elements that need to be completed to ensure the job is fitted correctly (meter reading tests, commissioning forms, standard operational check, etc.)
 - ✓ Anything else the company need to implement
 - ✓ Statutory and regulatory requirements
 - ✓ Any variations
- 

Auditing

- ✓ Review of documented information (websites, catalogs, brochures, etc.)
 - ✓ Evaluate the process/method to review requirements related to products and services
 - ✓ Who's responsible for the review and decision making
-
